

# ACAud Audiologist Graduate Program

Associate Members must hold a minimum Masters of Audiology from an Australian University. Once application for Associate Membership is approved by ACAud a minimum 6 month supervision program is required to be undertaken.

Supervisory Plan and DRS Audiology Competency Matrix must be submitted and approved by ACAud prior to 6 month supervision program commencing.

Upon completion of each level of supervision log books and quarterly supervision reports must be submitted in order to progress to the next level of supervision.

Levels 1 and 2 Supervision require onsite supervision. Level 3 supervision means you have the ability to work offsite from your supervisor.

Upon completion of the 6 month supervision program with ACAud there is no further examination.

Once supervision program is completed you will be upgraded from Associate Member of ACAud to Full/Ordinary Audiologist member of ACAud. As a Full/Ordinary Member of ACAud you will be eligible to apply for a Qualified Practitioner number with the Office of Hearing Services.

## Hours of Supervision

WEEKS	LEVEL	HOURS OF GENERAL SUPERVISION (logged hours)	HOURS AT THE ELBOW	FILE REVIEW
1 – 4	1	30 hours per week	15 hours per week	100% of case files
