

Overseas-Qualified Audiometrist Flowchart

Membership

1. Apply online
2. Pay membership fees and submit certified documents
3. Application review and approval
4. Receive ACI Internship Handbook
5. Pay exam fees (access Practice Exams)
6. Book CAPE and KIT Examinations

*Note: Interns have the option to complete both CAPE and KIT Examinations before commencing Internship - Stage 1 or alternatively, Interns may begin Internship - Stage 1 if they are in Australia while booking or preparing for the CAPE and KIT examinations.

Exam Stage

1. *Sit CAPE and KIT Exams.

The Exam Stage consists of two exam components:

- CAPE – Clinical Application Performance Exam via Audiology Simulator
- KIT – Knowledge Interview Test via Microsoft Teams

Exam results are provided by email with examiner feedback. All exam rules and conditions are provided in the ACI Internship Handbook.

To complete the Exam Stage the Intern is required to obtain a competent (C) result. A minimum mark of 80% is required in both the CAPE and KIT Examinations.

Internship - Stage 1

1. Secure employment as either a Provisional Audiometrist
2. Submit Supervisory Plan to Secretariat
3. **Begin Internship - Stage 1 (after review and approval from Secretariat)

**No clinical work or training can begin until the Supervisory Plan has been approved by the Secretariat.

Details about the Supervisory Plan, including supervisor conditions, can be found in the ACI Internship Handbook.

Intern to complete the minimum:

- 30 hours at elbow supervision per week
- 120 hours at elbow supervision in total
- 100% file review (Supervisor to review)
- Daily Logbook (Intern and Supervisor to sign off)
- Supervisor Report (Intern and Supervisor to sign off)

After the Intern has obtained a Competent result in the Exam Stage and completed Internship - Stage 1, they will be able to progress to Internship - Stage 2.

Internship - Stage 2
